

LAMM

is committed to having the impact of its products evaluated by

Discover the environmental and social
impact of our products assessed by an
independent third party:

Eco Impact is an independent organisation that measures the environmental and social impact of furniture and supports industry professionals in reducing the environmental footprint of their products.

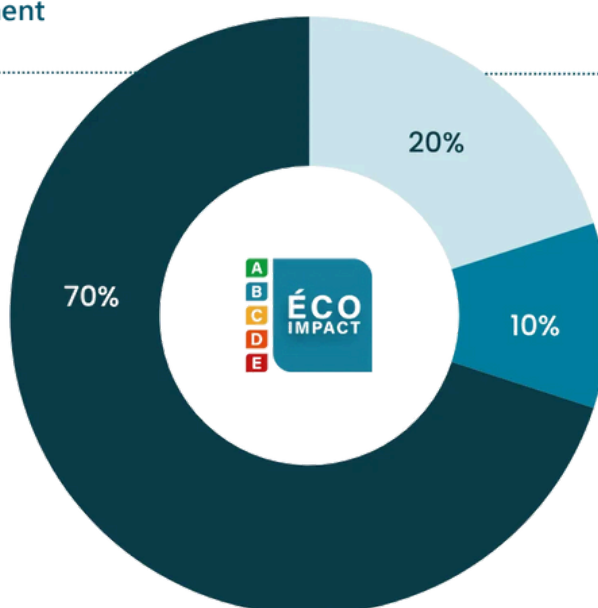

A scientific and comprehensive assessment

For each product:

Eco Impact performs a life cycle assessment (**LCA**) and takes into account additional sector-specific criteria such as sustainability, reparability and working conditions. On average, **our team of engineers performs 71 environmental and social checks.**

Quantitative criteria
Life Cycle Assessment
(LCA)

Qualitative criteria
on social impact

Environmental
qualitative criteria

Certification - Traceability
Small batches
Waste valorization/recovery
Flat-pack delivery - Modularity
Repairability - Warranty etc.

A reliable, clear and accessible point of reference
